

VECTOR OPTICS JANUARY SPECIAL-SHOT SHOW REVIEW

Wow! A wonderful shot show for Vector Optics again!
By the date this note was sent out.

More than 3 customers signed exclusive distribution agreement.

More than 15 new customers signed and paid.

More than 20 return customers increased their orders.

What are the most picked-up products?

SFP Continental Scopes

HD & ED Optics System with German lens, which are designed for professional & perfectionist hunters.

Continental scopes are wonderful, great field of view and extremely clear and sharp on the target with very little distortion, eye relief is great at all magnifications. The light transmission reaches around 90% or better for demanding hunting and shooting applications. ---

Craig Boddington

Continental scope will give you a decent image at any time.

FFP GenII Scopes

Taurus scope is the most out of stock scope in Vector product line and customers like it so much and it sells so popular.
