

## Air Gun Scopes

What scope does air gun need?  
Is air gun scope same as firearms scope?

Frankly, choosing an air gun scope is much more particular, since the recoil from air gun is not as same as that of firearms.

Now, Vector Optics offers you a solution, check our Veyron scopes.

# APPROACHING VECTOR OPTICS JULY NEWS & TIPS

It is really a MUST for your fast target acquisition in close to medium range shooting.

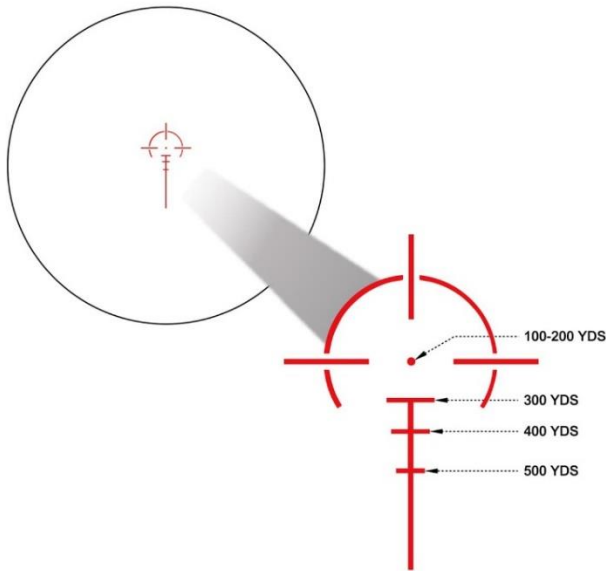

## Vector Optics 12<sup>th</sup> Anniversary

On 17-Aug-2019, it is our Vector Optics birthday.

We have a lot of activates in this Saturday. All the company members were divided into three teams. Three team were assigned the same missions.

Giving a hut to a pedestrian, enjoying Shanghai cuisine and taking TikTok video together. We had a lot of fans, so happy. Come to visit us, we will show you around.

Click the picture and watch a video for these interesting activates.

>6.5° Field of View Wider Than Most Other Similar Battlesights
